Harmonious Blend Building Corporation P/L
55 Wray Crescent
Mt. Evelyn
Vic 3796

Dear Chris,

Re: Lot 4, No 92 Birmingham Road, Mt. Evelyn

Thankyou for the obvious progress we have seen on the construction of our new home. The contractors are very courteous and appear to be particularly good tradesmen.

We have decided to purchase a continuous hot water service for more efficiency. Please arrange a credit on builders range hot water service. We have chosen a Rinnai Infinity 20 gas hot water service.

Could you please also confirm variations that we have undertaken up to this point. Also please advise how we access the credits.

We have also noticed on the electrical plan no provision for power point to the fridge cavity.

We are undertaking fitting of pine lining to bedroom 1, lounge room kitchen, meals and rumpus areas to the height of 1 metre. Please issue credit offered of \$7.00 per sq. mt. Our calculations are approx. 44 sq. mts.

Please advise required dates of appliances & fittings we are supplying eg. bath, taps, hotplates and wall oven etc.

Looking forward to hearing from you soon.

Yours sincerely,

NEIL & MARCIA MEYER
