12th November 1985.

Dear Mr. Clark,

It gives me great pleasure to write and advise you how pleased I and my wife are with our new home which your Company have built for us at the above address. Not only are we very happy with the finished result but I must also express our appreciation for the way we have been treated by all of your staff without exception and the sub-contractors.

Initially Georges Willman went to great lengths to obtain the block of land for us and finally followed up with a visit now the home is completed to make sure all was well for us.

Every tradesman, carpenters, plumber, site cleaner and all others have been most helpful, courteous and considerate in their dealings with us whenever we have met them on site. So often these days one meets so much of the "couldn't care less" attitudes that it has been a real pleasure to deal with such conscientious people.

I would also like to make particular reference to Larry Vaughan the contract co-ordinator who we have found most helpful in ensuring things were organised properly throughout the whole job.

I sincerely hope that you will pass on to all concerned our appreciation of all of their efforts and in conclusion I would assure you that we shall certainly recommend your Company to any one we know around the area who is wishing to build, and should your firm like to bring potential clients round to see a further example of your quality of buildings of yours please feel free to arrange this, although we would appreciate a telephone call before-hand.

Once again I offer sincere thanks for a good job well done.

Yours sincerely,

  
D.G.C. PETTIT.
